WORK HISTORY

HERITAGE ANALYST - CITY OF SAINT JOHN, NB [2013-2017]

- Manage and advance the Heritage Conservation Service for the City of Saint John through the administration of the municipal heritage by-law. I am the single Heritage staff in the Planning and Building & Inspections Department, managing over 500 properties.
- Evaluate a variety of development proposals, plans, and policies through the perspective of architectural conservation principles in accordance with the Standards and Guidelines for the Conservation of Historic Places in Canada.
- Provide direction and recommendations on all heritage matters which involves researching, presenting, and defending heritage conservation and urban planning evidence at quasi-judicial tribunals such as the Heritage Development Board and Common Council.
- Manage the Heritage Grant Program for the Growth & Community Development Services

FREELANCE DESIGN CONTRACTS - ROBERT L. BOYCE, ARCHITECT [2015-2017]

- Assist with various building projects as a design contractor.
- Provide design services such as 3D modelling, rendering, artistic visualizations, and conceptual design development.

INSTRUCTOR - NEW BRUNSWICK COMMUNITY COLLEGE [2012]

- Recruited to instruct the "Manual Drafting" course in the department of Mechanical Engineering and Technology: introduction to drafting by hand, including the conventions and visual language of technical drawings.

JUNIOR DESIGNER - MURDOCK & BOYD ARCHITECTS [2011-2012]

- Worked closely with the senior architects to provide support in design development and architectural assignments.
- Produced design work on projects involving large scale development of new buildings, such as the YMCA of Saint John.
- Gained significant experience in design development, consulting with clients, generating working drawings, making site inspections, and collaborating with other professionals in the industry.

VOLUNTEER & INVOLVEMENT

AANB - RAIC FESTIVAL OF ARCHITECTURE 2018

PLANNING COMMITTEE - Lead of sub-committee for public engagement. Collaborating with regional architects to plan the national conference. Involved with developing the conference theme and associated event planning for the upcoming festival to be held in Saint John, NB.

CANADA 150 CELEBRATION "CARGOTECTURE DESIGN CONTEST"

JURY MEMBER 2017 - selected as representative of the arts community. The jury will evaluate design proposals and completed works for uniqueness and innovation. Presented by Discover Saint John and the Government of Canada's Heritage Canada Fund.

ASSOCIATION HERITAGE NEW BRUNSWICK: 2016 CONFERENCE

GUEST SPEAKER - presented "Demystifying Historic Building Preservation" to regional conference delegates.

THIRD SHIFT: ART WORKS AFTER DARK [2015-2016]

COMMITTEE CHAIR - collaborated with the director of Third Space Gallery to develop the concept and initiate a successful public night-time exhibition of contemporary art projects. The event offers Saint John residents a unique opportunity to reimagine their city, reclaim vacant and under-utilized areas and engage with the surroundings of the built environment. Selected artists are asked to reflect on the area's cultural landscape and historic architecture to develop their projects and exhibit the works.

SCULPTURE SAINT JOHN: INTERNATIONAL SCULPTURE SYMPOSIUM [2012]

INTERN STONE SCULPTOR - selected to be part of a 6-week symposium where sculptors from around the world joined local interns to create monumental works of public art out of New Brunswick granite. www.sculpturesaintjohn.com

THIRD SPACE GALLERY [2011-2015]

BOARD OF DIRECTORS - member of the Artist-run centre for contemporary art, Saint John NB; an interdisciplinary, exhibition, and performance space committed to representing local, regional and national contemporary artists. www.thirdspacegallery.ca

COSTAL STUDIO: DALHOUSIE UNIVERSITY [summer 2011]

STUDENT INTERN - employed by Costal Studio (architectural research unit in the Faculty of Architecture & Planning at Dalhousie University) under Ted Cavenagh; I motivated and coordinated a construction team of students for this design-build project (a parabolic brickshell which frames the tidal landscape and acts as a camera obscura and a pavillion for the costal site).
